

Tube Filling & Sealing Machine

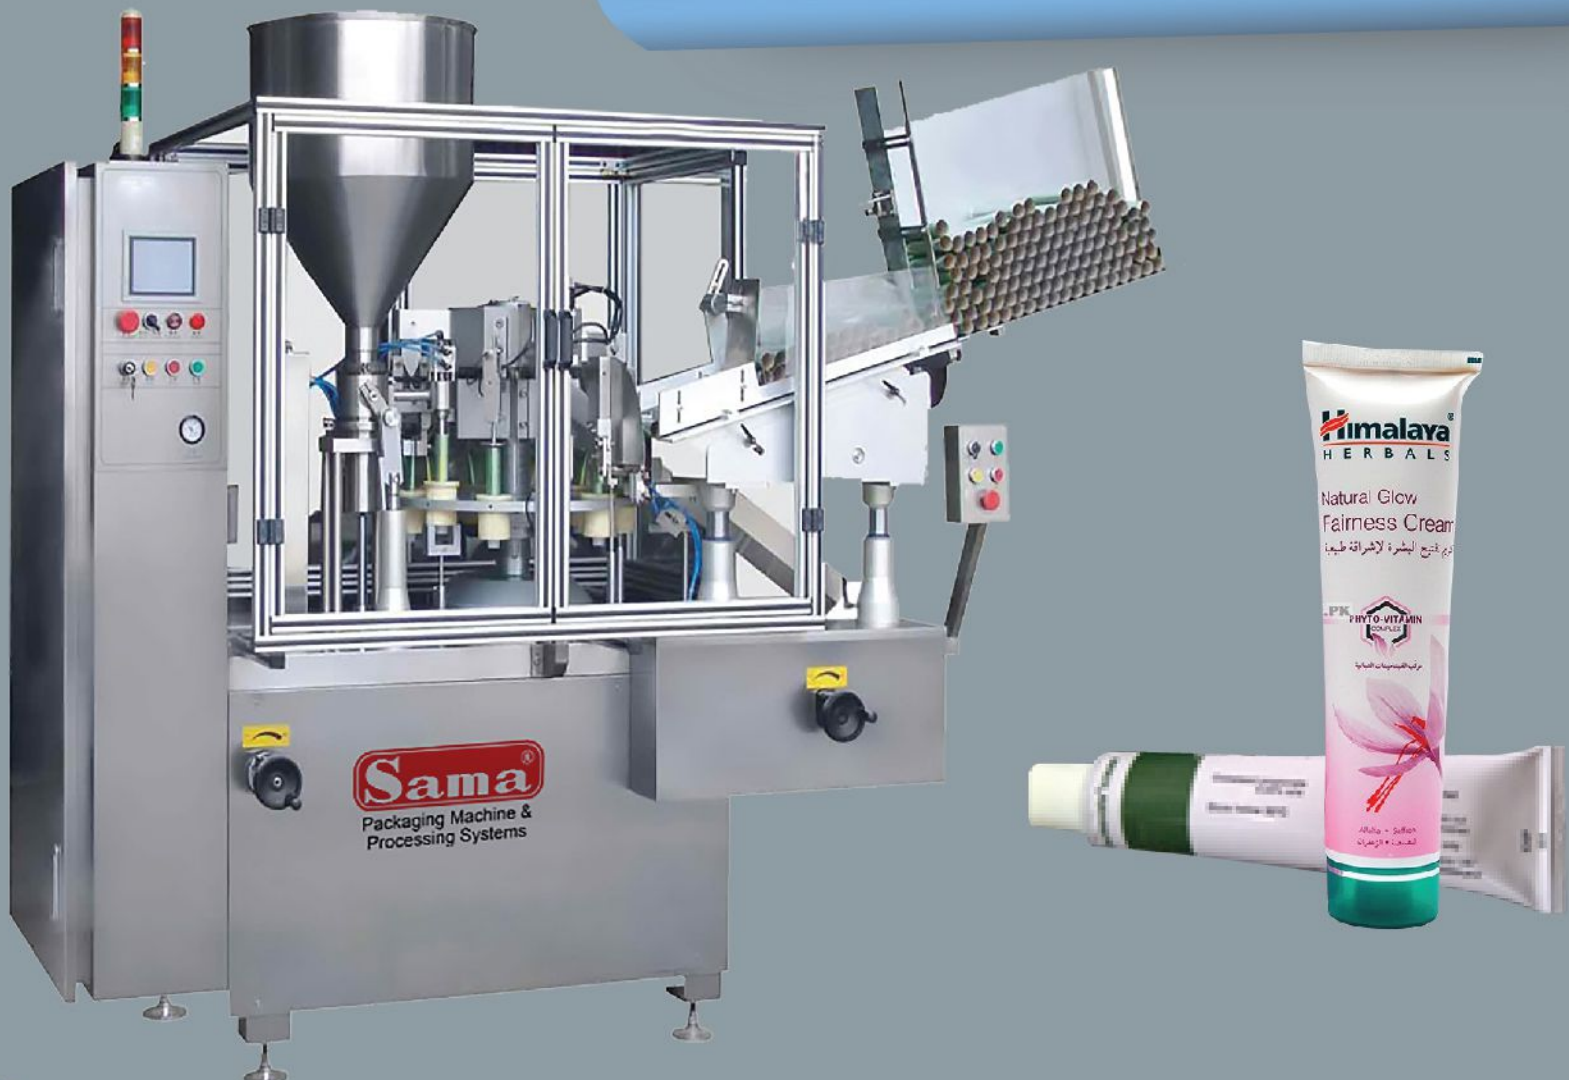

TFS - 60

Applications :

This machine is suitable for tube filling, sealing of oil, ointment cream and gel etc.

Technical Detail:

• Tube material	Metal tube, ALU tube
• Tube diameter	φ10 - φ50
• Tube length	80 - 250 (customizable)
• Filling volume	5 - 300ml/tube (adjustable)
• Filling accuracy	≤±1%
• Product capacity (pc/h)	1800 - 4200 (adjustable)
• Working pressure	0.55 - 0.65mpa
• Motor power	2kw(380V/220V 50Hz)
• Heat sealing power	3kw
• Overall dimension(mm)	2620×1080×1980
• Machine weight(kg)	1100
